
Media Guide

Rotman

2021

Welcome

Looking for a media source or a speaker who can meet your deadlines and comment on a wide range of business, economic and public policy issues? Take a look at the Rotman School of Management at the University of Toronto.

The Rotman School is part of the University of Toronto, a global centre of research and teaching excellence at the heart of Canada's commercial capital. Rotman is a catalyst for transformative learning, insights and public engagement, bringing together diverse views and initiatives around a defining purpose: to create value for business and society.

Bringing together high-impact faculty research and thought leadership on one searchable platform, the new Rotman Insights Hub offers articles, podcasts, opinions, books and videos representing the latest in management thinking and providing insights into the key issues facing business and society. Visit www.rotman.utoronto.ca/insightshub

Call on Rotman faculty whenever you require a fresh perspective on modern business issues. You can search our faculty in two ways: by area of expertise (pages 4 -17) or by geographic area (pages 18 - 19).

Please note that not all Rotman sources are listed in this directory.

This guide includes faculty who are cross-appointed to the Rotman School from the University of Toronto Mississauga (UTM) and the University of Toronto Scarborough (UTSC).

For further information, please contact:
