Full-Time MBA Recruiting Guidelines & Information For Employers
Rotman School of Management
Full-Time MBA Recruiting Guidelines and Information

Introduction

We are eager to partner with you to achieve our shared goal: finding the ideal new addition(s) to your organization. This document serves to outline our school’s guidelines for both internship and graduate recruitment, as well as best practices to help you plan your investment in recruiting talent at Rotman.

Working with the Career Centre - Important Information

Posting a Job

Employers will receive launch dates for job postings and the first day for on-campus interviews for both internships and full-time recruiting in late spring, before the next recruiting cycle, and once the academic calendar is confirmed through our Registrar’s office.

Employers can post jobs directly through the Rotman Recruitment Portal which will be actioned by the Career Centre within 2 business days unless otherwise marked “urgent”. Employers may alternatively work with their Relationship Manager to post a role.

Resume Books

Employers may review resume books and job applications by logging into the Rotman Portal before and after the posting expires.

*Please see www.rotman.utoronto.ca/recruit for registration and Rotman Portal instructions for both posting jobs and resume books. You may also contact your Relationship Manager for assistance.
Hosting Recruiting/Information Sessions

Our Career Centre team can help you design the right campus recruitment strategy to achieve your hiring goals. Engage with Rotman to enhance your corporate presence and build relationships with our students before making important hiring decisions. One method is through hosting a recruiting/information Session.

Host an information session to introduce students to your firm’s culture and career paths for MBAs, and connect with your recruiters.

Rotman offers a range of venues suitable for large or small events. AV, video conferencing, and event catering options are also available to suit your needs.

Booking for these sessions start in the late Spring for the following recruitment cycle and requests are received on an on-going basis. For specific questions and for guidance on selecting the optimal timing of your session, please contact your Relationship Manager or mbacareers@rotman.utoronto.ca

Interviews

Employers may identify shortlists directly on the Rotman Portal or via email to your dedicated Relationship Manager and we will coordinate the interview schedules through the Career Centre on the employer’s behalf. We highly encourage employers to come on campus to conduct interviews to minimize missed class time or academic conflicts.

Employers may not host an event or interview during exam week, 24-hours prior to an exam or during academic black-out periods/dates. Moreover, employers may not require a student, as a condition of his or her employment candidacy, to interview at a time that conflicts with his or her individual academic schedule.

To avoid class conflicts, the Career Centre recommends that all first-year interviews outside of the designated recruiting period take place on Wednesdays. Alternatively, employers are encouraged to contact the Career Centre and we can help identify optimal interview dates that work for the firm and students.

Refer to the Appendix to review important dates and recruitment timelines before booking recruitment activity.
Candidate Shortlists

The Career Centre requires a minimum of **4 business days** prior to the interview date to coordinate the interview schedule. This allows time for students to confirm interview slots as well as minimizes interview schedule conflicts.

There are 2 options to share a shortlist:

1. Download the interview template under “Hiring Manager Forms and Templates” on our website [www.rotman.utoronto.ca/recruit](http://www.rotman.utoronto.ca/recruit) and email your Relationship Manager or
2. Notify the career centre instantly with the interview shortlist through the Rotman Portal. For convenience, employers can view the finalized interview schedule online through the Rotman Portal 24 hours before the on campus interview.

Offer Guidelines

A written offer should be provided to students within a maximum of **10 business days** after a verbal offer has been extended. Rotman asks that once a written offer has been extended to the candidate be left open for **5 business days, before requiring a signature**. Students may choose to accept an offer before the designated sign-back date.

It is recommended that written offers include a minimum of the following information:

- Company name
- Location
- Job title
- Assigned department
- Requested start date
- Reporting manager or supervisor if known
- Salary
- Other important benefits or expectations of the offer

Compensation

For salary benchmarks of internships and full-time positions, please see the most recent [Employment Report](http://www.rotman.utoronto.ca/recruit) and consult with your Relationship Manager for additional details.

Student Recruiting Conduct Policies

Rotman students are held to a Code of Conduct which align with the highest of professional standards such as: late cancellations, interview “no shows” and reneging on a job offer. We hope issues do not arise, but if they do, please report student violations to your Relationship Manager immediately.
Internship Recruitment – Important Information

First Year Academic Transition/Onboarding Period
Rotman recognizes that full-time MBA students have made a personal, career and financial investment to pursue their MBA studies on a full-time basis. On average, students have been out of school for 4.5 years. With that in mind, we are establishing an Academic Adjustment Period (AAP) to provide first year MBA students with the full opportunity to adjust to the MBA program successfully. **This academic focus period will take place during the Foundations Term which runs from Program Kick-off in August, through to and including October 31st.**

No recruiting activities are to take place during this time. Companies may engage with 1st year talent through our student clubs, case competitions and other activities, however all official recruitment activity will kick-off on or after, November 1st. *Job postings can be visible ahead of this time, for more information, please refer to the Appendix 2 for key dates on recruitment activities.*

Internship Job Offers & Acceptances
Employers should extend job offers directly to students. They can be extended at any time following final interviews. We ask that offers be left open for **5 business days.** Students may accept an offer before the designated sign-back dates. Please notify your Relationship Manager of all graduate and internship placements so that the Career Centre can update our records and reporting. This also allows us to update student academic records for the **Flexible Internship Program** course and to track placements for employers interested and eligible for the tax credit. For more information on tax receipts please refer to our website [www.rotman.utoronto.ca/recruit](http://www.rotman.utoronto.ca/recruit).

Extending an **“exploding offer”** is defined as providing an unreasonably short deadline for a decision. This puts pressure on students which can lead to premature decisions that are not always in the best interests of the employer or the students.
The Flexible Internship Program

As of September 2016, all FT MBA students must complete an internship as a requirement to graduate from the MBA program, and can do so in the summer, fall or winter term. The Career Centre tracks and records all FIP (Flexible Internship Program) placements, to ensure graduation requirements are being met.

Employers are required to provide the following to the Career Centre upon placement of an intern or during the internship:

1. **Confirmation when an offer is accepted with offer details and/or a copy of the offer letter**
2. **Submit a mid-point evaluation on the students’ job performance (optional)**
3. **Sign the FIP evaluation form at the end of their work term. Alternatively, provide a copy of the company’s completed student evaluation form**
4. **Requests for certification letters for co-op tax credit purposes should be submitted at least 2 weeks in advance of the work term end date**
Graduate Recruitment – Important Information

Graduate or Full-Time on-campus interviewing begins in September. Interviews will continue throughout the academic year and must not conflict with class or academic commitments. Interviews for graduate recruitment that are proposed for the summer period before students return to school for their 2nd year, should take place off-campus at the host employer’s office.

Graduate Offers & Acceptances

Employers should extend job offers directly to students. They can be extended at any time following final interviews or at any time during the course of an internship, in the case of conversions. Rotman requests that offers be left open for 5 business days, except in the cases of internship conversions. Students may accept an offer on or before the designated sign-back date. Please notify your Relationship Manager of all graduate placements so that the Career Centre can update our records and reporting.

Extending an “exploding offer” is defined as providing an unreasonably short deadline for a decision. This puts pressure on students which can lead to premature decisions that are not always in the best interests of the employer or the students.

The Career Centre records all full-time placements and provides an employment report for rankings and employer benchmarking. This report is produced annually and available for reference.

To learn more about key dates, and recruiting timelines for Graduate Recruitment, please refer to the Appendix 1.
