Business Design™ Fundamentals

Use design methods and techniques to find, frame and solve business problems.

Innovation for today’s business challenges.

Business Design™ is evolving into the most prolific approach to organizational design and service innovation. Today’s leaders must be equipped with a mindset, skills and tools to creatively solve problems that focus on the user, customer or stakeholder.

This intensive program provides the fundamentals of ‘design thinking’ for business over a 2-day sprint. You will learn and apply industry leading user-centered design research, prototyping and storytelling methods to real business challenges.

Learn by doing.

Ideate, prototype and retest a real-world innovation challenge and truly get comfortable with the framework. You’ll gain a design mindset and learn to build a business case for design.

By the end of the two days you will be able to

» use design methods and techniques to find, frame and solve problems
» think differently about needs, problems and solutions and
» understand how empathy, creativity, prototyping and storytelling are critical for business innovation

A universal tool.

Business design™ can be used by any innovative leader looking to reimagine processes, products or services in any industry. In a disruptive world, this creative problem solving framework keeps you relevant and agile as the need to innovate time and again becomes ever more critical.

Invest in your success.

This innovative program focuses on understanding what customers need and how meeting those needs can drive business. Our expert faculty will guide you through every step.

Designed by Angèle Beausoleil

Angèle Beausoleil, the world’s first practitioner-academic on Business Design™, applies her 25 years of business experience to crafting high impact teaching and learning experiences.

Why Rotman?

The concept of Business Design™ originated at Rotman. We combine the best practices in higher education with design thinking for business content to help you confidently learn and apply the framework.

At Rotman, the constant interplay of ideas and points of view sparks new ways of approaching problems and illuminates unexpected connections. We bring together the right minds, resources and support systems to ignite breakthrough solutions.

And we encourage talented people to identify and create those critical moments of convergence and inflection where change begins.

A 2-day workshop
