Mentorship

Rotman and the OACP are pleased to introduce a new and exciting feature of the Police Leadership program - Mentorship. We have carefully selected members from the prestigious alumni base of the program who will serve as mentors to the individual groups as they work through their projects. Mentors will provide guidance, support and advice to each of the groups throughout the presentation preparation process.

Enhance your leadership capabilities.

The Police Leadership Program (PLP) is a collaboration between the Ontario Association of Chiefs of Police (OACP) and the University of Toronto's Rotman School of Management.

This unique three-week intensive experience focuses on the key facets of leadership and provides participants with the opportunity to challenge themselves in a dynamic learning environment.

Participants are equipped with the necessary skills and tools to think differently, make better decisions, be better negotiators, communicate more effectively, act with integrity and political astuteness, understand the implications of financial decisions, manage and lead change and contribute to the overall health of the organization.

Learn by doing.

Anchored by relevant content and activities such as in-class instructions, simulations, project and peer-based learning and more, participants will address real-time policing issues.
